Why Anglers Love **SeaWard** Products

At SeaWard, we don't just build marine products—we engineer solutions that last. For over 20 years, we've proudly manufactured in Florida, delivering rugged, dependable gear for life on the water. From harsh sun and salt air to daily wear, we design every product with purpose, built to endure and tested by time.

Every piece is built by anglers, for anglers—
engineered to perform, built to impress.

FISH SLAYER

LEARN
MORE

The Fish Slayer isn't just tough—it's easy to install and built to conquer every catch.

Crafted with the same rugged durability as our larger models, it delivers power and performance in a compact, single-pedestal design. Perfect for smaller spaces, The Slayer makes fish cleaning effortless without compromising on strength or style. Ready for action, it's proof that big results can come in a smaller footprint.

- **Built-In Features:** Custom Backsplash, Color & Texture Options, Accessory Tray

SIZES	DIMENSIONS	INSTALL SPACE
Slayer 3'	41.5" x 20.5" x 41"	12" x 16"
Slayer 4'	48" x 20.5" x 41"	14" x 18"

SEA WATER

LEARN
MORE

The Sea Water Dock Cabinet is built for your Spot Zero Water System, providing protection, easy access, and organization on the dock. Multiple access points and integrated connections streamline operation while guarding the system from the elements.

- **Built-In Features:** Color & Texture Options, Lockable Slam Latches, Power & Water Access, Slide-out Shelf, Mounting Platform
- **Accessories:** Hose Holder Pedestal + Custom Logo

BUILT FOR: 

SIZES	DIMENSIONS
Mobile Pro	59.25" x 17.5" x 29.25"
Mobile Pro Mini	44.25" x 17.5" x 29.25"

★★★★★ by Rick K.

"I couldn't be happier with my SeaWard gear. The craftsmanship is top-notch — solid hardware, beautiful custom engraving, and smart features like built-in cup holders and a knife slot make it both durable and personal."

THE GLIDE

The Glide is a mobile rod caddy built for strength, performance, and convenience—moving multiple rods safely and tangle-free. Built to roll, rinse, and repeat, it keeps your gear protected and ready for the next trip.

- **Built-In Features:** Customized Nameplate, Color & Texture Options, Rubber Grommets, Lockable Polypropylene Swivel Casters
- **Configuration:** Built for Light - Medium Tackle, with a Bent Butt Option

SIZES	DIMENSIONS	ROD STORAGE
Glide 10	39.75" x 24" x 36.5"	10 Light/Medium Tackle
Glide 14	54.5" x 24" x 36.5"	14 Light/Medium Tackle
Glide 16	61.5" x 24" x 36.5"	16 Light/Medium Tackle

THE WALL

When space is tight, The Wall delivers—mount it to garages, docks, or seawalls for a professional, organized setup that protects your rods and frees up floor space. It keeps your rods upright, secure, and ready for the next catch.

- **Built-In Features:** Color & Texture Options, Rubber Grommets, Waterjet Logo Option
- **Configuration:** Full customization including install-space dimensions, number of rod slots, reel-size spacing, and straight or bent configuration.

REEL	SPACING	ORIENTATION
Light Tackle	8.5" On-Center	Straight
30W	10.5" On-Center	Straight / Bent
50W	11.5" On-Center	Straight / Bent
80W	12.5" On-Center	Straight / Bent
LP	12.0" On-Center	Straight / Bent

BAIT STATION

The essential on-the-go bait station for rigging and cutting bait right on your boat, with versatile mounting options. Stable and efficient, it's perfect for bait prep, mixing cocktails, or serving as a convenient tabletop on the water.

- ▶ **Built-In Features:** Custom Backsplash, Color & Texture Options, Mounting Options: Rod Holder or SeaSucker
- ▶ **Accessories:** Cup Holder & Opener, Tool Tray
- ▶ **Dimensions:** 22" x 13"

HOSE HOLDER

The Hose Holder delivers compact, clutter-free hose storage with a clean, customizable design. Its marine-grade, powder-coated aluminum build mounts easily to docks or walls, adding clean, durable organization to any space.

- ▶ **Built-In Features:** Custom Logo, Color Options, Pre-cut Holes, Mounts to Any Surface
- ▶ **Size Options:** 100' or 150' Hose

SEA POST

The Sea Post delivers compact utility access with a durable design built for dockside hookups. Choose the 4x4 for water only or the 6x6 for water plus an externally mounted electrical connection—perfect for residential docks and marinas needing low-profile utility access.

- ▶ **Built-In Features:** Water Only or Water + Power Options, Color & Texture Options, Custom Logo, Concrete or Deck Mounting + Pre-cut Holes

SIZES	CONNECTIVITY
4x4 Sea Post	Water
6x6 Sea Post	Water + Externally Mounted Power

SEA RACK

LEARN
MORE 

The Sea Rack delivers reliable gear transport across any terrain, with multiple tie-down points for secure, stable hauling. It's compatible with jet skis, ATVs, snowmobiles, side-by-sides, and truck beds.

- ▶ **Built-In Features:** Color & Texture Options, Cooler Straps, Pegboard System for Accessories
- ▶ **Accessories:** Cup Holder & Opener, Tool Tray, Rod & Umbrella Holders, LinQ Mounting Kit
- ▶ **Dimensions:** 33" x 18" x 12"

THE PADDLER

LEARN
MORE 

The Paddler is a purpose-built storage system for paddleboards, SUP gear, kayaks, and other water toys. With four levels of storage, it's a versatile must-have for any paddle sport adventurer.

- ▶ **Built-In Features:** Color & Texture Options, Integrated Paddle Holder, StarBoard Inlay, Eyebolts for Securing Equipment
- ▶ **Dimensions:** 8' x 4' x 7'

★★★★★ by Captain Z

"As a captain I've worked with many contractors. **SeaWard always showed up on time, never skipped a beat with excellent communication.** Plus the product was perfectly customizable to suit our needs."

SeaWard
SEAWARDSYSTEMS.COM

Salt Tested. Florida Built.

Engineered to Last

Our gear is built like a boat—with marine-grade 6061 aluminum, chemically etched and powder-coated for unbeatable corrosion resistance. It's made to thrive where salt, wind, and water destroy lesser products.

Dependable Strength

TIG-welded joints handle heavy loads with ease. 316L stainless steel hardware with nylon washers keeps corrosion at bay. Every detail—from King StarBoard® surfaces to precision-cut frames—are designed for lasting performance.

Made in Florida

All products are designed, built, and tested in our Florida facility—right on the coast. We face the same brutal conditions you do, and our gear proves itself in the field every day.

Guaranteed to Perform

We stand behind our work with an industry-leading limited lifetime warranty. When storms hit and the salt spray flies, SeaWard equipment stays solid—season after season.
